A decorative graphic element located at the bottom left of the page. It features a solid black right-angled triangle pointing towards the bottom-left corner. To the right of the triangle is a grid of squares. The grid consists of 6 rows and 6 columns. The squares alternate in color in a checkerboard pattern, starting with a light gray square in the top-left corner (row 1, column 1). The colors are light gray and white.A large black triangle pointing downwards, covering the right half of the grid. The triangle's base is at the top edge of the grid, and its apex is at the bottom center. The grid lines are visible through the black fill.

10

A 10x10 grid with a black triangle in the bottom-left corner and a gray triangle in the top-left corner. The black triangle is formed by the cells (row, column) where row + column >= 10. The gray triangle is formed by the cells where row >= 10 - column. The intersection of these two triangles, where row >= 10 - column and row + column >= 10, forms a smaller gray triangle in the top-left corner.
